Orange indicates items of importance, clarification, or coverage updates since the last posting
Teal indicates recently approved changes to move currently listed products to a different side of the PDL (Preferred/Non-Preferred) or recently added categories
Purple indicates new to market products that have been added since the last posting

This list may not include all available formulations listed specifically by name.

GENERAL INFORMATION

- All Managed Care plans and traditional Fee for Service utilize this single Preferred Drug List (PDL) for the therapeutic classes listed below only. Drug classes not listed below may be handled differently by the fee-for-service program and different managed care plans. Medications in non-managed (non-PDL) drug classes may require a clinical review for appropriate prescribing.
- Documentation of trial and failure of **two** Preferred products (along with other potential criteria as indicated) in the specific categories below is required to receive a Non-Preferred product unless only one Preferred product is listed or it is otherwise indicated on the document. ****Documentation of trial and failure of Preferred products does NOT apply in cases where a Non-Preferred product carries a specific indication and requiring Preferred products would be clinically inappropriate.** All new to market products **in the drug classes** below typically default to Non-Preferred until reviewed by the SCDHHS Pharmacy and Therapeutics Committee. Manufacturers' products (even in the categories below) that do not participate in the national Medicaid Drug Rebate Program are not covered.
- Visit the South Carolina provider website to access prior authorization and clinical criteria guidelines for medication classes on the PDL.
- **All products on this Preferred Drug List are potentially covered with the following:**
  - The prescription is written by a participating provider
  - The prescription is filled at a participating provider; **AND**
  - If the product is participating in the national Medicaid Drug Rebate Program.
- Members must first try the generic of a PDL product before receiving the brand name equivalent, unless the brand name is Preferred or there is a clinical reason the generic product cannot be utilized.
- Injectables which are caregiver and/or self-administered may be covered via the Pharmacy benefit and/or may be subject to clinical review or Prior Authorization. Products which are HCP (health care provider) administered are generally covered via the medical benefit.
- This list is for informational purposes only, should not be used for verification of coverage, and is subject to change without notice.
- To search for a specific class or product use the "**CTRL+F**" function
- Color coded items on the PDL that may be found below:
  - **Orange** indicates items of importance or clarification or coverage updates since the last PDL posting
  - **Teal** indicates recently approved changes to move currently listed products to a different side of the PDL (Preferred/Non-Preferred) or recently added categories
  - **Purple** indicates new to market products that have been added since the last PDL posting

PREFERRED	NON-PREFERRED
• cefpodoxime suspension/tablet (generic for Vantin) • cefprozil suspension/tablet (generic for Cefzil) • cefuroxime tablet (generic for Ceftin) • cephalexin capsule/suspension/tablet (generic for Keflex) • dicloxacillin capsule (generic for Dynacil, Dynapen, etc.) • penicillin V solution/tablet (generic for Veetids, etc.)	

COVID-19 – ORAL TREATMENTS

PREFERRED	NON-PREFERRED
• Paxlovid tablet	

FLUOROQUINOLONES – ORAL

PREFERRED	NON-PREFERRED
• ciprofloxacin tablet (generic for Cipro) • levofloxacin tablet (generic for Levaquin)	• Baxdela tablet • Cipro suspension/tablet • ciprofloxacin suspension (generic for Cipro) • levofloxacin solution (generic for Levaquin) • moxifloxacin tablet (generic for Avelox) • ofloxacin tablet (generic for Floxin)

HERPES ANTIVIRALS – ORAL

PREFERRED	NON-PREFERRED
• acyclovir capsule/tablet/suspension (generic for Zovirax) • valacyclovir tablet (generic for Valtrex)	• famciclovir tablet (generic for Famvir) • Valtrex caplet

HIV ANTIVIRALS – ORAL/SELF ADMINISTERED

PREFERRED	NON-PREFERRED
• abacavir solution/tablet (generic for Ziagen) • abacavir-lamivudine tablet (generic for Epzicom) • Aptivus capsule/solution • atazanavir capsule (generic for Reyataz) • Biktarvy tablet	• Fuzeon injection – **Clinical Criteria Applies** • Viracept tablet

NITROFURANS – ORAL

PREFERRED	NON-PREFERRED
• nitrofurantoin capsule/25 mg/5 mL suspension (generic for Macrodantin) • nitrofurantoin monohydrate capsule (generic for Macrobid)	• Macrobid capsule • nitrofurantoin 50 mg/5 mL suspension (generic for Macrodantin)

OXAZOLIDINONES – ORAL

PREFERRED	NON-PREFERRED
• linezolid suspension/tablet (generic for Zyvox)	• Sivextro tablet • Zyvox suspension/tablet

SULFONAMIDES AND DIHYDROFOLATE REDUCTASE INHIBITORS – ORAL

PREFERRED	NON-PREFERRED
• sulfamethoxazole-trimethoprim suspension/tablet (generic for Bactrim/Bactrim DS) • trimethoprim tablet (generic for Primsol)	• Bactrim tablet • Bactrim DS tablet • Sulfatrim suspension

MACROLIDES/KETOLIDES – ORAL

PREFERRED	NON-PREFERRED
• azithromycin powder packet/suspension/tablet (generic for Zithromax) • clarithromycin suspension/tablet (generic for Biaxin) • erythromycin ethyl succinate suspension (generic for E.E.S. suspension, Eryped) • Erythrocin Filmtab	• clarithromycin ER tablet (generic for Biaxin XL) • E.E.S. suspension/tablet • erythromycin ES tablet (generic for E.E.S Filmtab) • erythromycin DR capsule/tablet • Eryped 200/400 suspension • Ery-Tab tablet • Zithromax suspension/tablet/Tri-Pak/Z-Pak

GASTROINTESTINAL ANTIMICROBIALS – ORAL

PREFERRED	NON-PREFERRED
• Dificid suspension/tablet • metronidazole capsule (generic for Flagyl) • metronidazole tablet (generic for Flagyl) • vancomycin capsule (generic for Vancocin) • vancomycin oral solution (generic for Firvanq)	**Trial and failure of 1 Preferred product required prior to Non-Preferred products** • fidaxomicin tablet (generic for Dificid) • Firvanq solution • Likmez suspension • neomycin tablet (generic for Mycifradin)

PREFERRED	NON-PREFERRED
	• Oracea capsule • Vibramycin capsule

CARDIOVASCULAR

ACE INHIBITORS AND COMBINATIONS

PREFERRED	NON-PREFERRED
• amlodipine-benazepril capsule (generic for Lotrel capsule) • benazepril (generic for Lotensin) • benazepril-HCTZ (generic for Lotensin HCT) • captopril (generic for Capoten) • enalapril tablet (generic for Vasotec) • enalapril-HCTZ (generic for Vaseretic) • lisinopril (generic for Prinivil and Zestril) • lisinopril-HCTZ (generic for Prinzide, Zestoretic) • ramipril capsule (generic for Altace) • trandolapril-verapamil tablet (generic for Tarka)	• Accupril tablet • Accuretic tablet • captopril-HCTZ tablet (generic for Capozide) • enalapril solution (generic for Epaned) • Epaned solution • fosinopril tablet (generic for Monopril) • fosinopril-HCTZ tablet (generic for Monopril HCT) • Lotensin tablet • Lotensin HCT tablet • Lotrel capsule • moexipril tablet (generic for Univasc) • perindopril tablet (generic for Aceon) • Qbrelis Solution • quinapril tablet (generic for Accupril) • quinapril-HCTZ tablet (generic for Accuretic, Quinaretic) • trandolapril tablet (generic for Mavik) • Zestril tablet • Zestoretic tablet

ANGIOTENSIN RECEPTOR BLOCKERS (ARBS) AND DIURETIC COMBINATIONS

PREFERRED	NON-PREFERRED
• irbesartan (generic for Avapro) • irbesartan-HCTZ (generic for Avalide) • losartan (generic for Cozaar) • losartan-HCTZ (generic for Hyzaar) • olmesartan (generic for Benicar) • olmesartan-HCTZ tablet (generic for Benicar HCT) • telmisartan (generic for Micardis)	• Arbli suspension • Atacand tablet • Atacand HCT tablet • Avalide tablet • Avapro tablet • azilsartan tablet (generic for Edarbi) • Benicar tablet • Benicar HCT

PREFERRED	NON-PREFERRED
• telmisartan-HCTZ (generic for Micardis HCT) • valsartan tablet (generic for Diovan) • valsartan-HCTZ (generic for Diovan HCT)	• candesartan tablet (generic for Atacand) • candesartan-HCTZ tablet (generic for Atacand HCT) • Cozaar tablet • Diovan tablet • Diovan HCT tablet • Edarbi tablet • Edarbyclor tablet • Hyzaar tablet • Micardis tablet • Micardis HCT tablet • valsartan solution (generic for Prexxartan)

ANTIHYPERLIPIDEMICS – PCSK9 INHIBITORS– INJECTABLE

Clinical Criteria applies to all medications in this class

PREFERRED	NON-PREFERRED
• Repatha injection	• Praluent injection

ANTIHYPERTENSIVES – SYMPATHOLYTICS

PREFERRED	NON-PREFERRED
• clonidine patch (generic for Catapres TTS) • clonidine tablet (generic for Catapres) • guanfacine tablet (generic for Tenex) • methyldopa tablet (generic for Aldomet)	• clonidine ER tablet (generic for Nexiclon XR) • Javadin solution • Nexiclon XR tablet

ARNI ARB/NEPRILYSIN COMBINATIONS

PREFERRED	NON-PREFERRED
• sacubitril-valsartan tablet (generic for Entresto)	• Entresto sprinkle capsule/tablet

BETA BLOCKERS AND COMBINATIONS

PREFERRED	NON-PREFERRED
• acebutolol capsule (generic for Sectral) • atenolol tablet (generic for Tenormin) • atenolol-chlorthalidone tablet (generic for Tenoretic) • bisoprolol fumarate tablet (generic for Zebeta)	• Betapace tablet/AF tablet • betaxolol tablet (generic for Kerlone) • Bystolic tablet • carvedilol ER capsule (generic for Coreg CR capsule)

© 2026 Prime Therapeutics Management LLC, a Prime Therapeutics LLC company

This list may not include all available formulations listed specifically by name.

PREFERRED	NON-PREFERRED
• bisoprolol-HCTZ tablet (generic for Ziac) • carvedilol tablet (generic for Coreg) • labetalol tablet (generic for Trandate) • metoprolol succinate ER tablet (generic for Toprol XL) • metoprolol tartrate tablet (generic for Lopressor) • nadolol tablet (generic for Corgard) • propranolol solution/tablet (generic for Inderal) • propranolol ER capsule (generic for Inderal LA) • sotalol tablet/AF tablet (generic for Betapace/AF, Sorine)	• Hemangeol solution • Inderal LA capsule • Innopran XL capsule • Kapspargo sprinkle • Lopressor solution/tablet • metoprolol-HCTZ tablet (generic for Lopressor HCT) • nebivolol tablet (generic for Bystolic) • pindolol tablet (generic for Visken) • Sotylize solution • Tenoretic tablet • Tenormin tablet • timolol tablet (generic for Blocadren) • Toprol XL tablet

BILE ACID SEQUESTRANTS

PREFERRED	NON-PREFERRED
• cholestyramine packet/powder (generic for Questran) • cholestyramine light packet/powder (generic for Questran Light) • colestipol granules (generic for Colestid) • colestipol tablet (generic for Colestid tablet)	• colesevelam packet/tablet (generic for Welchol) • Colestid granules/tablet • Prevalite packet/powder • Questran Light powder • Questran packet/powder • Welchol Packet/tablet

CALCIUM CHANNEL BLOCKERS (CCBS) – DIHYDROPYRIDINES

PREFERRED	NON-PREFERRED
• amlodipine tablet (generic for Norvasc) • felodipine ER tablet (generic for Plendil) • isradipine capsule (generic for Dynacirc) • nicardipine capsule (generic for Cardene) • nifedipine ER tablet (generic for Adalat CC/Procardia XL)	• Katerzia suspension • nifedipine capsule (generic for Procardia) • nimodipine capsule (generic for Nimotop) • nimodipine solution (generic for Nymalize) • nisoldipine ER tablet (generic for Sular) • Norliqva solution • Norvasc tablet • Nymalize Solution/oral syringe • Procardia XL tablet • Sdamlo solution • Sular tablet

CALCIUM CHANNEL BLOCKERS (CCBS) – NON-DIHYDROPYRIDINES

PREFERRED	NON-PREFERRED
• Cartia XT capsule (branded generic for Cardizem CD) • Dilt XR capsule (branded generic for Dilacor XR) • diltiazem tablet (Generic for Cardizem) • diltiazem SR 12-hour capsule (generic for Cardizem SR) • diltiazem CD (ER 24 hour) capsule (generic for Dilacor XR, Tiazac, Cardizem CD) • diltiazem LA tablet (generic for Cardizem LA) • Tiadylt ER capsule • verapamil tablet (generic for Calan) • verapamil ER capsule (generic for Verelan) • verapamil ER tablet (generic for Calan SR)	• Matzim LA tablet (branded generic for Cardizem LA) • verapamil PM capsule (generic for Verelan PM)

CCB/ARB COMBINATION PRODUCTS

Removed: Widaplik tablet

PREFERRED	NON-PREFERRED
• amlodipine-olmesartan tablet (generic for Azor) • amlodipine/valsartan tablet (generic for Exforge) • amlodipine-valsartan-HCTZ tablet (generic for Exforge HCT) • olmesartan-amlodipine-HCTZ tablet (generic for Tribenzor)	• Azor tablet • Exforge tablet • Exforge HCT tablet • telmisartan-amlodipine tablet (generic for Twynsta) • Tribenzor tablet

CHOLESTEROL ABSORPTION INHIBITORS/COMBINATIONS

PREFERRED	NON-PREFERRED
• ezetimibe tablet (generic for Zetia)	• ezetimibe-simvastatin (generic for Vytorin) • Vytorin tablet • Zetia tablet
